

Stormwater Pollution Picture Search

Cities and towns have more stormwater runoff than areas in the country because they have more concrete so the water can't soak into the ground. Impervious surfaces like roads and parking lots can contribute lots of pollutants to our streams. Compare the two pictures below. Circle all the differences between them that you can find that could result in polluted runoff. You should find 6 things.

Activity Challenge: What do these differences have to do with protecting our water from stormwater runoff?
